

Reno Evening Gazette

VOL. XIV.

RENO, WASHOE COUNTY, NEVADA. MONDAY, FEBRUARY 5, 1883.

NO. 105.

MISCELLANEOUS

DR. LIEBIG

400 Geary Street, San Francisco, Cal.

CONTINUOUS TO TREAT successfully every form of Chronic Disease without Mercury or Nauseous Drugs. Dr. Liebig's Invariant Cure for Syphilis, Nervous and Physical Debility, Loss of Memory, Exhaustion, and all the terrible results of abused nature, excesses and youthful follies. The Doctor will advise in writing to forfeit \$1,000 for a case that he undertakes and fails to cure. The reason thousands can not cure of Seminal Weakness and the above diseases is owing to a complication on called Prostatitis, which requires a special remedy. Dr. Liebig's Invariant Cure, No. 2, is a Special Cure for Prostatitis. Price of either Invariant Cure, \$2 per bottle, or 6 bottles for \$10. Sent to any address securely covered from observation. Seminal Weakness and Prostatitis drain vitality from the body and cause nervous debility, and all the ordinary medical treatment. If allowed to continue, the unnatural loss affects the vital organs, which causes destroying diseases. Consumption, Diabetes, Bright's Disease, Jaundice, Insanity, etc. Excesses, Non-use, Abuse, Inherited Weakness, Malnutrition, Pinal and Cerebral Complaints bring in the above fatal diseases. Debility and Seminal Weakness obstruct the important and necessary acts of life and the enjoyment of the world. Diseases of the Genito-urinary Organs, Kidney, Liver and Bladder a specialty. The many complaints and diseases of women speedily cured; consultation at office for by letter, free and confidential.

ONE BOTTLE FREE. Regular size bottle of either Invariant Cure sent free to show the wonderful properties of the greatest Invariant Cure known to modern science. State symptoms, age, if married, and address. Send for a free trial bottle of special or private disease cured for \$10. Remedies sufficient to cure will be promptly sent with full directions and advice on receipt of \$10. Packages securely covered from observation.

"I have always kept it in stock. It has a few very warm friends who know its valuable properties from experience. I have always recommended it with a choice."

DR. SPINNEY

NO. 11 KEARNEY STREET, San Francisco, Cal.

Treat all Chronic and Special Diseases

YOUNG MEN

WHO MAY BE SUFFERING FROM the effects of youthful follies or indiscretion, will do well to avail themselves of the greatest boon ever offered to the afflicted humanity. DR. SPINNEY will guarantee to forfeit \$500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment is to be found, and some small particles of albumen will appear, or the color will be of a milky hue, again changing to a dark and turbid appearance. This is the terrible effect of all such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—10 to 12 a.m. and 2 to 5 p.m. P. S. For private diseases of short stand in a full consultation, I desire to see you, with necessary instructions, will be sent to any address on receipt of Ten Dollars, all or address

PACIFIC COAST NEWS.

Wm. A. Sterling was accidentally killed by a falling tree, near Guerneville, Cal., a few days ago.

The main portion of the village of Princeton, Cal., consisting of eight buildings, was destroyed by fire Wednesday; loss, \$6,000.

The Clackamas river has risen 10 feet and the Willamette is rising rapidly. An overflow of the country adjacent is imminent.

George W. Hahn, a "drummer" for S. W. Rosenstock of San Francisco, was thrown from a wagon above Dayton, W. T., and sustained a fractured leg.

W. W. Markham, an ex-police officer, was found guilty in the Superior Court, at San Jose, Wednesday, of bribery, in having, during the month of December last, while a member of the police force, received about \$75 from Chinese interested in gambling houses.

The wife of George Macleod died at San Jose, Wednesday, from an overdose of morphine administered by herself last Sunday night. Whether the poison was taken with suicidal intent or not is not yet known, though it is stated that she was an habitual user of the drug.

It is estimated that the wild ducks clean up about four bushels of grain to the acre, in Butte county. The ducks go over a field like a band of sheep, and moving along close together, take every spear that shows itself.

When they get thirsty they fly to the water and after drinking return to the spot where they ceased operations, and resume there.

This little story is from the Santa Rosa Republican. Its moral is that there are more ways than one of getting rid of a husband: A party of four men masked, and otherwise disguised, went to the house of one Wm. Miller, on the corner of North and Wilson streets, in this city, about 10 o'clock Thursday night, and calling him to the door and pointing pistols, at his head was told by them that they would give him just 24 hours to leave the town, or run the risk of losing his life. Miller refused the men that if he was spared that time he would comply with their request. And sure enough he left the next day and has not been seen since. Miller is said to be a worthless, lazy good for nothing fellow, and lived off the earnings of his wife—a frail, hardworking woman, and some of the citizens in the neighborhood thought they would do the woman a favor by driving him out of town, to which plot she acquiesced.

For weak lungs, splitting of blood, shortness of breath, consumption, night sweats, and all lingering coughs, Dr. Pierce's "Golden Medical Discovery" is a sovereign remedy. Superior to cod liver oil. By druggists.

Are You Exposed? To malarial influences? Then protect your system by using Parker's Kidney Tonic. It strengthens the liver and kidneys to throw off malarial poisons, and is good for general debility and nervous exhaustion. Follow

The only iron preparation that does not color the teeth, and will not cause headache or constipation, as other preparations will, is Brown's Iron Bitters. feb-1w

MISCELLANEOUS

PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible.

If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

Brown's Iron Bitters will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will not blacken the teeth, cause headache or constipation, and is positively not injurious.

Saved his Child.

27 N. Eutaw St., Baltimore, Md. Feb. 12, 1883.

Gents:—Upon the recommendation of a friend I tried Brown's Iron Bitters as a tonic and restorative for my daughter, who was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's Iron Bitters, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required," and when informed that the elder sister was taking Brown's Iron Bitters, responded "that is a good tonic, take it."

ADAM PHILIPS.

Brown's Iron Bitters effectually cures Dyspepsia, Indigestion and Weakness, and renders the greatest relief and benefit to persons suffering from such wasting diseases as Consumption, Kidney Complaints, etc.

LEGAL

Certificate of Special Partnership.

KNOW ALL MEN BY THESE presents, that Alfred Lindley of Nevada, and T. M. Lindley of California, have agreed to form a limited partnership under and in accordance with the provisions of an act of the Territory of Nevada, entitled "An Act to Authorize the Formation of Limited Partnerships and set out in full in the Statute of Nevada, and in compliance with said act, and for the purpose of securing its benefits, we do hereby certify as follows:

FIRST. The name of the firm under which said partnership is to be conducted is A. Lindley & Co.

SECOND. Alfred Lindley, who is a resident of the town of Reno, Washoe county, State of Nevada, is the only general partner in said co-partnership, and T. M. Lindley, a resident of the city of Sacramento, in the State of California, is the only special partner in said co-partnership.

THIRD. The amount of capital which said T. M. Lindley has contributed to the capital stock of said partnership is twenty thousand dollars (\$20,000).

FOURTH. The general nature of the business to be transacted by said partnership is that of the wholesale and retail of general merchandise.

FIFTH. The principal place of business of said partnership will be at the town of Reno, Washoe county, Nevada.

SIXTH. Said partnership will commence on the first day of February, 1883, and is to terminate on the thirty-first day of January, 1884.

Witness our hands this 27th day of January, 1883.

ALFRED LINDLEY, T. M. LINDLEY.

The foregoing certificate, duly acknowledged, was filed for record in the Register's office of Washoe county, January 29th, 1883.

ALFRED LINDLEY.

Order of Court.

In testimony whereof, I, R. S. Osburn, have hereunto set my hand and the seal of said Court, this 14th day of January, A. D. 1883.

R. S. OSBURN, Clerk of the District Court of the Seventh Judicial District, Nevada, in and for Washoe county.

By W. L. KNOX, JOSEPH D. REDDING, Attorney for Plaintiff.

No. 22 Montgomery St., San Francisco, Cal.

Assessment Notice.

NORTH TRUCKEE DITCH COMPANY, principal place of business and location of works, Glendale, Washoe county, Nevada.—Notice is hereby given that at a meeting of the Board of Trustees held on the 27th day of January, 1883, an assessment (No. 14) was levied, of one dollar and seventy cents per acre, on all of the capital stock of the corporation, payable immediately to the Secretary of said company. Any stock upon which this assessment remains unpaid on or before the 28th day of February, 1883, will be declared delinquent and will be duly advertised for sale on FRIDAY, the 9th day of MARCH next, to pay the delinquent assessment, with costs of advertising and expenses of sale.

By order of the Board of Trustees, R. C. SESSONS, Secretary.

Glendale, January 27th, 1883.

EDITORIAL NOTES.

There has been so much floating scandal at the Ohio State Capital that a member of the Legislature has introduced a bill to make it a crime for any person to say anything in the hearing of a member which is intended to influence the fate of pending measures. The author of the bill is an idiot. Legislators should consult their constituents, and yield to the demands of the people they are paid to represent.

The defaulting and absconding Treasurer of Tennessee is a one-legged man, a Colonel, and, of course, a Democrat, and the St. Louis Globe-Democrat cheerfully says: "When it comes to running away with public money a one-legged Democrat can carry more and run faster and further than any two-legged Republican that ever lived."

McKenney's Pacific Coast Directory for 1883 is being delivered to Reno subscribers. It is a solid book of 1,500 pages gotten up in a neat and workmanlike manner. It has been well patronized by the advertisers and will be found to be a useful and complete book. It seems at first glance to be the most complete directory ever published for this State.

The election of Frank Bell to the Wardenship of the State Prison will give good satisfaction to the taxpayers. Mr. Bell is used to the business of commanding men, he is thoroughly reliable and is a man of great determination of character. Neither his subordinates nor the prisoners will run the place so long as he is Warden.

Prof. J. G. Lemmon, the naturalist, sends the GAZETTE some potato seed gathered in the wilds of Arizona from the wild plant. He thinks he has discovered the original home of the potato. Anyone who would like a few seeds for experiment can have them.

One of the highest in the United States is the Fordyce dam of the South Yuba canal, in Nevada county, Cal. It is built of stone, is 89 feet high and holds back 7,000,000 gallons of water.

It has remained for the negro "refugees" from the South to demonstrate the fact that cotton can be successfully grown in Kansas.

In 1840 Ireland held nearly one-third of the population of the United Kingdom. It now holds one-seventh.

WESTERN TELEGRAMS

The Legislature.
 CARSON, Feb. 5.

In the Assembly the railroad bills were made the special order for Wednesday at 1 o'clock in the afternoon, when a lively debate is expected.

The two Houses met in joint session this morning and proceeded to ballot for Warden of the State Prison. Frank Bell received 37 votes, Colonel Garrard 16 and O. K. Stempley three.

A Mysterious Suicide—A Young Man Blows His Brains Out for No Apparent Reason.
 EUREKA, Cal., Feb. 5.

Maurice Maloney, a young man of steady habits and a general favorite in the community, blew his brains out in the Vance House saloon this afternoon. No cause was assigned for the deed.

Snow Storm in the San Joaquin.
 FRESNO, Feb. 5.

Snow fell here to the depth of an inch and a quarter this morning. It is the first time such a thing was ever known.

BRIEF TELEGRAMS.

—In the City of Mexico races will begin April 22, and will be open to foreigners.

—A London telegram reports the steamship James Gray foundered. Officers and crew lost.

—The Chinese of New York are making extensive preparations for celebrating their New Year day.

—It is stated that the police of Dublin discovered and frustrated a plot to murder Judge O'Brien last Sunday.

—The authorities of Newfchatel, Switzerland, have prohibited the evening meetings of the Salvation army.

—Charles de Lesseps starts from Paris for Panama on the 6th instant with an engineer and director of works to begin cutting the canal.

—At Burlington, Iowa, last Friday, during a snow storm, several peals of thunder occurred, accompanied by bright flashes of lightning.

—The New York Merchants' Exchange has petitioned Congress to either retire the trade dollars or make them on a par with gold dollars.

Killing by Cars in Europe.
 VIENNA, Feb. 5.

A serious railway accident has occurred in Hungary. Six cars fell down a steep mountain. Seven women and some men were killed and many injured.

TO-DAY'S NEWS.

Press Dispatches to the Evening Gazette

EASTERN DISPATCHES.

FLOODED STATES.

Trains Ditched, Bridges Lost, Men Killed and Heavy Losses.
 AKRON, O., February 5.

Fuller information increases the previous estimated flood losses on the New York, Pennsylvania and Ohio Railroad. It has trains running between Kent and Gallion. The Cuyahoga Valley road can not be opened for several days. Connotton Valley will send a trial train from Canton this afternoon. The Tuscarawas Valley Railroad trains are abandoned. The draining water south from Summit Lake to Cave City carried away a bridge on the Cleveland, Akron and Columbus Railroad, just as the crowded Fort Wayne Express got across. The Connotton coal train was ditched at Brayton by a washout, and killed a brakeman. At Canton it is clear and cold. For thirty hours now, at Canton, a hundred houses in the southeastern part of the city are under water.

The Smoky City Getting Washed.
 PITTSBURG, Feb. 5.

Apprehensions owing to the phenomenal rise in the Alleghany river are allayed. The river has been stationary for several hours. The bridge connecting Alleghany City with the island was swept away and the Mechanic's steel bridge seriously injured and closed to travel. Every bridge and culvert on the Pittsburgh & Western Railway between Collier's Junction and this city is carried away. The Alleghany Valley and Fort Wayne roads also suffered greatly and travel is nearly suspended. The lower portions of Alleghany City are under water and many workshops and foundries have been compelled to suspend operations. The damage will exceed \$100,000.

Cincinnati Safe—The Beer Drinkers will Not Be Flooded Out.
 CINCINNATI, Feb. 5.

The heavy rains which caused such disastrous floods in Western Pennsylvania, Northern and Central Ohio and a portion of Indiana, did not reach this point, and whatever rise there is in the Ohio river will come from the upper streams. The river here on Saturday was not unusually high and was succeeded by cold weather before morning.

Will Bring Them Home for Burial.
 WASHINGTON, Feb. 5.

The Secretary of the Navy received a cable message from Minister Hunt, St. Petersburg, February 3d, stating that Lieutenant Harber had left Yakutsk to get the bodies of De Long and party.

Suffering From the Floods.
 KITTANNING, Pa., Feb. 5.

One hundred families are moving to the second stories or going away. There is great suffering on account of the cold weather.

A Philanthropic Senator.
 WASHINGTON, Feb. 5.

Cameron of Wisconsin introduced a joint resolution for the relief of sufferers by the late floods in the valley of the Rhine, Germany.

A Town Nearly Cleaned Out.
 NEWCASTLE, Pa., Feb. 5.

A number of bridges crossing the Neshannock swept away all the manufacturing on the street. A hundred families are washed out.

JOTTINGS.

Buy your valentines at Allen's. *
Dusty Bob is getting up a circus.
The Arcade has started a new register.

The Truckee is comparatively free from ice.

The merry jingle of the sleigh bells enlivened the town yesterday.

Tom Hymer's fancy cutter was grievously disjoined by a collision Saturday.

About 40 emigrants went west last night, and this morning half that number went east.

Bob Hoy has moved a small cottage to Virginia street, and will make a cozy little residence of it.

Passengers by this morning's train say last night was one of the coldest ever seen at the Summit—it was a terror.

Chinamen are collecting chickens and fire crackers for the grand New Year jubilee that begins on Wednesday.

Trinity church "cottage meeting" will be held at the Rectory to-morrow (Tuesday) evening, at 7 o'clock, instead of Wednesday evening.

There is a Chinaman and a big fat mahala in the county jail, besides four more who tarry at the bastille for the wheels of justice to overtake them.

That sidewalk just below the Women's Reform quarters sadly needs repair. Somebody will break a leg or two there by and by, and clinch the county for damages. It is really a dangerous place at night.

Joe Peers will probably be discharged from the Arcade, because he can't tell what time it is. It is his duty to call Tom Clarke, Lemery and a few others at 6 in the morning. Yesterday morning he looked at the clock twice and it was 3 A. M. each time. "Twice three is six," he reckoned, so he hoisted the sleepers and got himself into a row.

PERSONALS.

W. O. Cox, a cattle man from Alturas, is registered at the Arcade.

Miles Wing, the plausible night clerk at the Palace, is slightly under the weather.

Jake Lewis of Wadsworth is in town, stirring up recollections among old friends.

Dan Wheeler, the sheep man from Mud Lake who bought Nugent's place, is at the Palace Hotel.

Judge H. F. Pierson of Wadsworth is at the Arcade. So is H. L. Hueston of the same place.

Louis Dean has returned from San Francisco, to which place he chaperoned a band of bees last week.

C. H. Sproule and A. W. Hesson of Elko and E. A. Allen of Austin were at the Palace last night.

John Mullen, who first located the land on which Sierraville now stands, is living at Pyramid City, Nevada.

Jack Fitzgerald and Bob Perry got as far as Pyramid Saturday night and concluded to tie up for a day or two, or until the weather moderates.

FREEZING UP.

A Message From the Mountain Regions.

The river yesterday morning at an early hour was nearly dry; one could have walked across its bed without wetting his feet, but about 9 o'clock a distant thunder-like noise was heard which proved to be the waters coming down with a message from the mountains, in the shape of ice, that told how cold it had been up the river. Anchor and cake ice had formed a dam somewhere above and backed the water up until a sufficient quantity had accumulated to move the Siberian obstruction, when it came thundering down with ice piled up several feet high, driven by the angry waters at a tremendous speed. The banks were running more than full. It was a grand sight. During the blockade thousands of young catfish, trout, white fish and suckers found themselves left in shallow pools with no means of escape. Boys took advantage of the "good fishing" and picked up several market baskets full of small fry.

THE HONEST INJUN.

The Plate Gambetta Crib a Pair of Boots.

Johnson Sides, the oracle of the Putes, has heretofore been considered one of the noblest of red men, but he has at last yielded to the natural inclination of an Indian and got into the petty larceny business. He stole a pair of new boots from Tom Clarke while riding on the latter's engine and tried to soak them for \$5 to the man who made them for Tom, who was notified of the fact and got his leather back. Clarke says no Indian shall ever ride in his cab again.

Blind Man's Bluff.

A small party of bloods had a big layout at one of our restaurants the other night, and each one made a fight for the privilege of paying the bill. They finally concluded to settle the dispute by blind-folding the waiter and saddle costs upon the first one he caught. He is still fumbling around for somebody to foot the bill.

VARIAN'S BILL.

The Gentleman Gives His Reason For Advocating the Passage of The Washoe-Churchill Consolidation Bill.

Hon. C. S. Varnan advocates the passage of the bill to consolidate the counties of Washoe and Churchill in the following statement of facts submitted by him to the taxpayers of the counties interested:

To The People and Taxpayers of Washoe and Churchill Counties:

The time has arrived when the people of the several counties must consider the propriety of reducing expenses, lessening taxation and lifting the heavy burdens which slowly, but surely, are driving capital and property from the State. It is but too true that, relative to population, the expenses of State and county governments largely exceed those of any other State. The pressing question of the hour is how to most economically administer the government, having due regard to the public interests.

In discussion of this question it will not do to alone consider local interests. The welfare of our neighbors, as well as of the State at large, should be, and is, of great importance. I have introduced Assembly Bill No. 85 for the purpose, particularly, of presenting to the people of the counties interested a proposition, not a demand, that the counties of Washoe and Churchill be consolidated. The Act provides for such consolidation in 1887. The argument may be briefly stated: There are too many counties in this State, with present conditions, and it is the interest and duty of the taxpayers to consolidate some of them, and thereby save to the people the expense incidental to two or more county organizations. Washoe and Churchill counties are essentially farming communities, adjacent to each other. Wadsworth, in Washoe county, is the market town for Churchill, and the peoples are homogeneous. By annexation, expenses will be reduced, taxation lessened and a wealthy and prosperous community will continue to evidence the thrift and happiness of the people. Immigration and capital naturally gravitate to such a community. Washoe has magnificent schools and school buildings, Court-house, Poor Farm, Hospital, fire roads and bridges. With a full treasury and out of debt, she does not seek to coerce her weaker neighbor into an unwilling alliance. In the interest of both counties, I present the scheme for the careful consideration of the people who have to pay the fiddler for the office holding dancers, and submit the following statement of the condition of the respective counties:

CHURCHILL.

Total assessed value of property for year 1882, \$484,115.50; total tax State and county (rate of State tax 90 cents, rate of county tax \$1.90—\$2.80), \$13,555.23; total registered vote for 1882, 180; total population (estimated), 300; total poll taxes (estimated), \$600; value of county property, \$600; total revenues for 1882, \$9,198.19; cash on hand January 1, 1883, \$7,992.36; annual salaries paid to county officers, \$4,300; annual salaries paid to District Judge, \$850.

WASHOE.

Total assessed value of property in 1882, \$3,930,880; (leading every county in the State). That this is live property may be argued from the fact that of a total tax of \$88,444.80 to be collected, only \$1,190 remained uncollected at the close of the year; county revenues for past year, with county tax at \$1.35 (to be reduced this year to \$1.10), \$53,068.88; total population (estimated), 5,000; total registered vote for 1882, 1,512; total number of poll-taxes sold in 1882, 1,461; total number poll-taxes delinquent, 101; value of county property, \$65,500; annual salaries paid, \$15,800; debt, as shown by Controller's report, January 1, 1880, \$18,129.88; present debt (funded), \$14,789.88; cash in Treasury, \$52,335.79; total net expenses of the county government for the past year, \$43,037.95. Here is a showing to which I invite the candid consideration of every citizen, hoping that any objectionable features in the proposition which have escaped my notice, will be promptly brought to light. Respectfully, C. S. VARNAN. Carson, Feb. 1, 1883.

GOING FOR SCALPS.

Hair Albums—The Latest Craze of Carson Girls.

The latest craze among the Carson girls is a "hair album"—gentleman's hair. Young men are besought for a lock of hair, and the request is such a flattering one that they are only too happy to comply when the right damsels apply. The contribution is tied with a blue ribbon and goes into the "hair album" along with the hair of a crowd of other fellows. Over it will be written the name, age, color of eyes, date of receiving the memento and general remarks as to personal appearance, etc., which may or may not be complimentary, as the album is never to be seen by any other than feminine eyes. The young ladies are as proud of their trophies as an Indian warrior is of the scalps he takes.

An Old Porter.

William Wright, the colored porter killed in the accident on the Southern Pacific at Tehachapi, was one of the oldest and best known porters on the overland, having been running on the Central Pacific between San Francisco and Ogden, for the past twelve years.

THE N. & O. RAILROAD.

The Grim Humor of a Disgusted President.

To the Honorable Secretary of State of the State of Nevada:

In conformity of the statutes of the State of Nevada, I herewith submit the following report of the operations of the Nevada & Oregon Railroad during the year 1882:

Capital stock, \$2,000,000
Amount of full paid stock issued to January 1, 1883, 628,000
It is impossible for the present cash paid on the above amount of full paid stock issued to January 1, 1883, for the reason that in consequence of the various difficulties that this company have been laboring under since its organization. The books of the company have been scattered, its vouchers lost, and the data from which these statistics would be derived are not to be obtained by its present officers. No cash has been expended for lands by the present company. No engines, cars or buildings are owned by the corporation.

Of the amount and nature of the indebtedness of the company it is impossible to speak with any accuracy, in consequence of the books, vouchers and accounts being stolen, lost and mislaid by the former officers of the company, beyond the bonded debt of the company.

Amount of mortgage, \$3,000,000
Bonds issued, 600,000
Bonds negotiated, 200,000
Bonds in treasury, 200,000
Floating debt, including all claims and demands against the company of whatever nature, 250,000

Nothing is due the company as far as known.

Amount received for transportation from October 2 to December 31, 1882, inclusive: \$700

For passengers, \$700
For freight, 1,288
For mails and express, 183
Total, \$2,173

Amount of freight transported, 400 tons.

No classification has been made. In consequence of the chronic impunctuality of the corporation it has not had enough funds to comply with the laws of the State in relation to the keeping of account books, as required by law, as the officers have received no compensation since they were connected with the company, but have been compelled to find themselves and work for nothing.

No dividend has ever been declared by this accused corporation, and it is safe to bet that none ever will be. The corporation owns no cars or engines, houses or shops of any kind in this State. The company owns no cars or engines; those on the road are owned by private parties.

The net profits of the road have been nothing, as the corporation was conceived in iniquity and born in fraud. Every honest friend of the enterprise has been swindled and robbed, and disaster has overtaken all persons who have been connected with it in any capacity. (Signed) D. W. BALCH, President Nevada and Oregon Railroad.

CARSON, Nev., Feb. 1, 1883. I, D. W. Balch, President of the Nevada and Oregon Railroad Company, do solemnly swear that the foregoing report is full, true and correct, to the best of my knowledge and belief.

(Signed) D. W. BALCH, Subscribed and sworn to before me, this 1st day of February, 1883. JAMES G. CHESLEY, Notary Public.

TWENTY YEARS AGO.

McClellan's Picture of the Lake House and Surroundings.

H. L. W. Knox of the Lake House is getting up a raffle for McClellan's landscape: "Reno Twenty Years Ago." The painting is very good. It shows the old Lake bridge, the original Lake House—a small one-story building standing on the site of the present hotel—while the bridge spanned the Truckee and was the well of wealth that Lake dipped into until he had accumulated enough to be rated with Nevada's millionaires. Laid and old Winemuccas stand in the foreground engaged in conversation and add not a little to the merits of McClellan's production.

LOOK OUT, LOUIS.

A Mono Millionaire Gone to Kingdom Come.

The Bodie Free Press says: "John W. Stewart, an old and well known resident of Mono county, died at his home near Bridgeport on Friday."

If Slippery John had died years ago it would have been better for his memory, and friends, too. If he has gone where he will meet Louis Lockburg, he and that deluded individual will have an eternity of time in which to settle old accounts; but it is safe to say that if John runs across Louis in the New Jerusalem he will windle him out of his golden harp before he has time to say "Good morning, Mr. Stewart."

Bishop Whitaker's School for Girls—Roll of Honor.

Following is the roll of honor of Bishop Whitaker's School for Girls, for the month ending January 31st, 1883: Cora Manning, 99; Emily Cutting, 98.8; Armenia Grippen, 97.8; Louise Sissa, 97.8; Belle Brown, 97.8; Mary Franklin, 96.8; Annie Cramer, 96.2. C. H. SANFORD, Teacher.

SIERRA VALLEY ITEMS.

The Gist of a Week's Doings in a Pastoral County.

The following items are from the Leader of February 2nd.

The people of the north side of Sierra county have been enjoying splendid sleighing for several weeks past.

James Miller has rented his ranch, four miles from Susanville, for a term of five years to Dave Berry and Dan Moody who propose to conduct an extensive dairy business.

The first house built in Sierraville is still standing. It was built by John Mullen in 1852. It is a log structure and is now used as a store-house by Geo. Wood.

A. C. Longley, who has been logging at the Banner Mill, was in the valley Tuesday buying some stock. He reports the firm of Longley & Johnson dissolved by mutual consent. The logging season is the best ever known and 1,250,000 feet of logs have been delivered.

AUNT CHLOE.

A Tough Old Colored Woman on Her Way to Reno.

Eliza's trip through the ice cakes, was nothing compared with the excursion of an old negro woman who walked into Truckee from Sierraville, a distance of 30 miles, on Friday, en route to Reno, where she intended striking out for next day, but was unable to do so on account of her feet being frozen. As she entered the parlor of the Truckee Hotel, says the Republican, she was an object of real pity. Her scanty skirt was frozen as high as her knees, and the little cape that was pinned around her shoulders didn't look as if it possessed a particle of warmth; her head was tied up in a cotton cloth, and she looked for all the world like a "runaway" in times "afo de war."

PIE ENOUGH.

A Granger, After Ten Years on a Locomotive.

Jim Wright is going to quit, says the Truckee Republican. After pulling a throttle for over 10 years on the Central Pacific railroad, after gaining notoriety as one of the engineers of the Jarrett & Palmer fast train, after making friends whose name is legion, he proposes to drop his oil can and leave the cab forever, and go back East to become a granger and with the grangers stand, a hay-stack in the distance and a pitchfork in his hand. The railroad boys don't propose to let Wright get away without giving him some evidence of their appreciation of him as a gentleman, and of his worth as an engineer. They have therefore arranged to give him a testimonial hop on next Thursday evening at Wadsworth.

A Rough Deal.

The town of Livermore, in Alameda county, California, posts the names of habitual drunkards in every saloon in town, accompanied by a prohibition of the sale of liquor to them. If they followed that practice in Reno we would all go thirsty.

A Healthy Porker.

Joseph Marzen of Big Meadows shipped a car load of hogs from the large herds on his ranch, to Truckee the other day. One of them weighed when dressed 800 pounds.

HENS IN WINTER.

How to Make Them Lay During Cold Weather.

There is no animal kept on the farm that feels neglect so quick as a laying hen. Sometimes a neglect of a few days will stop a hen from laying several weeks. In order to obtain a plentiful supply of eggs in winter we must have young hens. Pullets hatched in April or May prove the most satisfactory. The hens must be well cared for; have a comfortable warm house, kept clean and well arranged. Provide a plentiful supply of fresh, moderately warm water every day. If the water is not warm when placed in the pen it will freeze so quickly that only the stronger fowls will satisfy their thirst, while the weaker ones must go without.

Give your poultry all the water they want and you will be surprised at the quantity they will drink. Variety and plenty of food are absolutely necessary. Feed regularly what the hens will eat without wasting. Wheat or screenings is the best for the principal feed; corn, oats and buckwheat come in as a variety. Corn meal, middlings, or something of that sort, mixed stiff and warm, should be fed first in the morning, but give no soft food after midday.

Whole grain should be fed after the morning's meal. Dry grain is best to fill the hen's crops with at night. Fresh meat in some form should be fed daily; lard or tallow (chandler's) scraps are good. Scraps broken up, soaked over night and mixed with meal and bran, make a good occasional feed. Mornings, carrots, turnips, boiled potatoes and cabbage are all good. Oyster lime or clam shells, broken fine, lime or lime mortar, fine gravel, coal and ashes should be supplied to hens when confined. They need a light sprinkling of red pepper in their food once a week or oftener in quite cold weather. Chopped hay should be supplied to them occasionally. Have a box of sand or ashes where they can use it at their pleasure. Any bones, burned or broken fine, or other warm scraps from the table, are always acceptable to the hens.

IN THE ORANGE GROVES.

A Renote Who Thinks Los Angeles Overestimated.

A. A. Evans writes to Dr. Wagar from Los Angeles that his health is improved and that he is on the road to a permanent cure. He is not smitten with the country, which he says is greatly overestimated. He and Dwelly have looked around enough to satisfy them that it takes a small fortune to locate these. Everybody is praying for rain, and if it does not come pretty soon there will be trouble, as feed is getting scarce. The price of sheep has fallen 25 per cent. since they arrived there, and there is a probability of a still greater fall. Evans says it is all well enough to see orange groves and flowers, and so forth, but they remind him of a \$10 frame on a \$2 picture. Dwelly and he will probably fetch up in Texas before long.

NITRATE OF SODA.

Deposits Found in an Almost Rainless Region.

Nitrate of soda has been found on the Humboldt desert, in this State, and at different points on the southwest side of the Sink of the Humboldt for a distance of 25 miles. The center of the region would be approximately opposite Brown's Station, on the Central Pacific Railroad. Elevation, 3,925 feet. This region resembles the desert of Tarapaca, in Peru. Its immense beds of salt indicate that it was at one time below the ocean. It is found the borates and sulphates of lime and soda, magnesia and alumina. It is also practically a rainless region. A record of eight years shows that it receives an annual rainfall of 4.16 inches. Its average temperature is 78.8 degrees Fahrenheit.

"HAVE A SHINE, BOSS!"

A Plucky Little Bootblack With an Eye to Business.

An accident occurred on the Central Pacific at Boca a while ago. Eighteen freight cars were piled up in confusion. Amid the wreck a squeaking little voice was heard calling for help. A jack-screw was applied to an overturned car and raised after considerable trouble, when from under it crawled a diminutive boot-black who had been stealing a ride. He no sooner got to his feet than he accosted Superintendent Frank Free: "Have a shine, boss?"

A Shirtless Tramp.

Night before last, when the air was biting cold, a tramp accosted officer Mershon and said he was freezing to death. And so he was. He had no shirt on and only a ragged apology for a coat. The man was given comfortable quarters in the county jail.

A Promising Town.

Hawthorne is becoming quite a lively camp. New buildings are going up as fast as the weather will permit and strangers are arriving daily. A good deal of prospecting is being done in the neighborhood of Mount Corn, and with Hawthorne as the county seat it will be a most important camp this Spring.

GENTLE BREEZES.

The Rollicking Zephyrs We Used to Have on the Comstock.

The Carson Index says: "The wind blew so hard at the White Mountains summit on the Carson & Colorado Railroad that the stove-pipe from the caboose was blown off last Thursday." That's no sort of a breeze. Twenty years ago, in the daisy days of the Comstock, when they could afford to get up a rollicking zephyr, the wind would frequently blow the paint off the Pioneer coaches. Bald-headed drivers were exclusively employed, for obvious reasons. It was no uncommon occurrence for horses to come in as bare of hair as if they had been lathered and shaved. A railroad man says he saw the cab blow off an engine on the western prairie, but this wind was a dead calm compared with the breeze that blew a horse clear out from under a man and left him in the air astride an unsupported saddle.

LIGHT BUSINESS.

A Change in Freightage on the Central Pacific.

The freighting business is lighter just now on the Central Pacific Railroad than at any time previous for years. It is reported that two engines have been taken off between Winnemucca and Wadsworth, as there is nothing for them to do. Last Friday, says the Silver State, a notice was issued in New York City that, after that date, the California Fast Freight Line would receive and forward Pacific Coast freight by way of the Atchison, Topeka & Santa Fe and the Texas Pacific railroads. This indicates that an effort is being made to transfer the bulk of the Pacific Coast freight from the East to the Southern route.

LASSEN ITEMS.

News Cited from the Columns of Our Susanville Exchange.

A slight shock of earthquake was felt Monday evening.

Business is booming at Riverside and dwellings are in demand. The Postoffice at this place issues about \$1,200 in money orders weekly.

The strike is ended and the hens are busy. Eggs are selling at 25 cents per dozen.

For several days past the weather has been remarkably fine, temperature between 40 and 80. The frost is out of the ground in most places, and some of the ranchers have commenced plowing.

Nothing Like Education.

The News Letter puffs a city judge as follows: "Reach me down that Webster, Pat," said one of our lately elected Judges to his clerk. "One of them dog-goned thaving newspapers has been libeling me, and, he jabers, I won't stand it. The thaving blackguard calls me a forensic light." The legal luminary was somewhat appeased when he discovered that the name was not a libelous one, though no doubt it was misapplied.

A Troublesome Job.

Peter Piedmont drove in 2,000 sheep from Deep Wells yesterday to Bob Frazier's ranch, two miles from town. He was alone, on foot, and had no dog. Considering the difficulties of driving at this season of the year, it was a hard job.

A Mountain of Tailings.

The old tailings reservoir, below the town of Suto, says the Enterprise, to which a narrow-gauge railroad has been built from the Douglas mill, near Dayton, contains many millions of tons of tailings that will pay from \$5 to \$10 per ton. It will require years to work it out, though the mill works 160 tons of ore per day when in operation.

Cattle Sold.

Al. Longley has sold 450 head of beef cattle to Everson of San Francisco. They will be sent below in three shipments, 135 head were put on the cars to-day. They were extra large animals, and in fine condition. They were weighed this afternoon on Hymers' scales. The heaves averaged, by actual weighing, 640 pounds each.

A Sweet Store.

The railroad laid down a large consignment of candy for C. J. Brookins the last of last week. It is fresh from the factory and there is nothing nicer or healthier in the market. Call and treat your family.

RENO FOUNDRY

AND MACHINO SHOP, RENO, NEV.

Is now fully established and is prepared to do a general foundry business, including every description of

Casting in Iron and Brass.

Forging and Machine Work. At lower prices than can be obtained elsewhere. Superior Mill Castings guaranteed.

Orders Respectfully Solicited.

Mechanical Engineering, Drawings and estimates furnished when required.
